

### Winter Food Scavenger Hunt

1. Cut along the dotted lines.
2. If you're playing with more than one player, write your name on each card.
3. Hide your "food" all over your house.
4. Can you find them? What if you do another activity, then try to find them? What about if you hide them before bed and then try to find them in the morning?
5. Hide them for someone else and have them find some food.

**Could you remember from fall all through winter?!**
